

POWERING YOUR CAREER

**Streetworks Manager
Role Profile**

Do you want to help power your career and be part of an evolving energy industry?

An exciting opportunity has arisen for an enthusiastic colleague to join our Field Services team within Field Operations.

At Northern Powergrid, our vision is to be the best energy company in serving our 3.9 million homes, whilst delivering a sustainable energy solution. As a dedicated Streetworks Manager you will be an integral part of achieving this, while always striving to keep our customers power flowing. The role will provide the oversight to compliance within Northern Powergrid, managing the annual street works budget and building on established relationships with local authorities, managing legal compliance, potential claims, and disputes.

We're excited to hear from you if you have a passion for the company and a desire to succeed. Apply now and we'll be in touch!

Along with a competitive salary of up to £55,000 we also offer great benefits such as;

- Enrolment into our pension scheme
- 25 days holiday

We're excited to hear from candidates with a passion for our company and the industry and a desire to succeed. [Apply now](#) and we'll be in touch.

Key Responsibilities

The successful candidate will:

- Ensure Northern Powergrid street works processes are aligned with street works regulations.
- Manage any disputes relating to street works legislation interpretations.
- Ensure any penalties or charges are in line with legislation and make any necessary representation to mitigate penalties.
- Investigate non-compliances to identify improvement opportunities.
- Manage the direct and indirect street works budgets.
- Provide street works data for regulatory report submissions.
- Maintain a holistic view of Northern Powergrid street works performance, providing management information to the regions and service providers.
- Represent Northern Powergrid on industry bodies/trade associations including leading or participating in industry working groups promoting good practices.
- Ensure Northern Powergrid have a voice to influence industry decision makers e.g. Department for Transport regulation reviews.
- Maintain two-way relationship with industry stakeholders.
