

POWERING YOUR CAREER

**Quantity Surveyor
Role Profile**

Quantity Surveyor

Location: North East/Yorkshire/North Lincolnshire

Directorate: Commercial

Job Ref No: R5651

Do you want to help power your career and be part of an evolving energy industry?

An exciting opportunity has arisen for an enthusiastic Quantity Surveyor to join our team.

The energy industry is advancing with investment in smart technology innovation and Northern Powergrid, as the company responsible for powering everyday life for 8 million customers across 3.9 million homes and businesses in the North East, Yorkshire and northern Lincolnshire, is at the forefront of delivering a power network that meets the region's needs now and in the future.

Our vision is to be the best energy company in serving our customers, whilst delivering a sustainable energy solution. We are looking for someone who is passionate about communications and can help share our story as we deliver our plans to invest in our network, support net zero and create a greener energy future. You will manage the delivery of designated contract objectives within a wider commercial setting. The role will include delivery of set commercial objectives in relation to efficiency, cost controls and providing commercial advice to operational counterparts. The role will require clear, precise and accurate reporting to the Commercial Manager and operational staff.

Along with a competitive salary of between £40,000 to £45,000 we also offer great benefits such as;

- Enrolment into our pension scheme
- 25 days holiday
- Car allowance
- Bonus

We're excited to hear from candidates with a passion for our company and the energy industry and a desire to succeed. [Apply now](#) and we'll be in touch.

Key Responsibilities

- Provide commercial input including financial and contractual performance forecasts to the management team.
- Highlight potential risks and opportunities to the Commercial Manager.
- Support contractor procurement activities (commercial assessment of returns), ensuring best value for money and lowest risk is achieved at all times.
- Assess contractor applications and seek authorisation from the Project / Programme Manager to certify payment.
- Final account compilation / submissions / contractor performance reviews.
- Assisting the Project / Programme Manager with Works Order estimating and pricing.
- Identification of "exceptional" variations and processing in line with the contract requirements.
- Attend pre-start meetings with contractors (where required).
- Management of disputes in line with the level of responsibility and relevant delegations.
- Management of the audit process.
- Based in one of Northern Powergrid's Regional Offices with frequent travel within our licence areas.
