

# Household appliances ANSWERS

Match the household appliance to the correct wattage and average cost.

Wattage (how much electricity it needs to work)	Appliance	Average cost
70W - 120W		£5.50 for 3 hours
50W - 100W		46p per use
1200W		£4.60 for 3 hours
1200W - 3000W		£1.50 per use
40W - 100W		£4.60 for 3 hours
800W - 1800W		2.5p per use
