

Northern Powergrid Holdings Company is a wholly owned subsidiary of Berkshire Hathaway Energy, and operates its electricity distribution business through its subsidiary companies Northern Powergrid (Northeast) Limited and Northern Powergrid (Yorkshire) plc.

The notes below have been compiled to assist you in completing your application form. It is important that we receive all of the relevant information for your application to be dealt with as quickly as possible. If you need further assistance, please call 0845 0702703 and we will be happy to help you.

Section A - Your Details

Please give your contact details as well as the details of the end user who will be responsible for meeting the energy costs when the supply is connected.

Section B - Connection Agreement

Each end user of unmetered supplies must have a Connection Agreement. We will not provide a connection to our network until you (the end user) have a supply agreement with us and subsequently a Meter Point Administration Number (MPAN).

If you have an existing connection agreement and inventory please provide the MPAN.

If you do not have a connection agreement with us, please ensure you clearly tick the appropriate box.

Section C - Site Details

Please provide a full address/location for each requested supply and all associated details - Work code, type of unit, load per unit, number of items per unit, type of items, load per items (watts) and the hours of operation. Where possible please include the asset number or the adjacent postcode.

Section D - Additional Information

Please provide us with any other information that could assist us in processing your application.

Section E - Information Checklist

Please ensure that a site location plan is provided with each application (an example is included in this pack) and provide the information listed in this section.

Section F - Signature

Please ensure you sign the form.

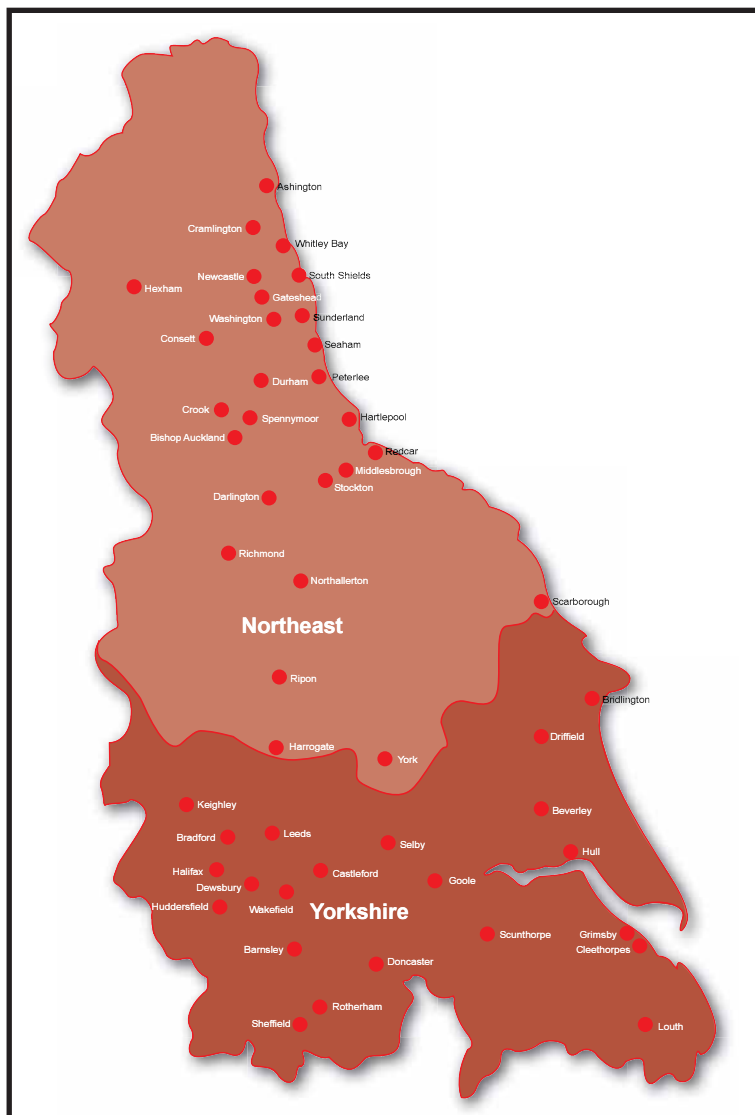

Please submit your completed application form to:

Section D - Additional Information

Section E - Information Checklist

IMPORTANT: In order to process your application please complete the form in full, ensuring you have provided the following information, by ticking the boxes (we will not be able to process your application if you fail to provide this information).

Contact details including method of contact

Provided the MPAN number

Site details, including work code, type of unit, load, type of item, load and operational hours

Enclosed a site location plan showing the position of each proposed supply

Guaranteed Standards Applicable to this Application

N.B. Guaranteed standards only apply to the quotation requests for new works orders.

ECGS9 - Unmetered quotation for 1-100 new units - we will dispatch your quotation within 25 working days. If we take longer we will pay the relevant authority £15 for each working day after the prescribed period.

Section F - Signature

Signature of applicant _____ Date _____

Print name _____ Position in company _____

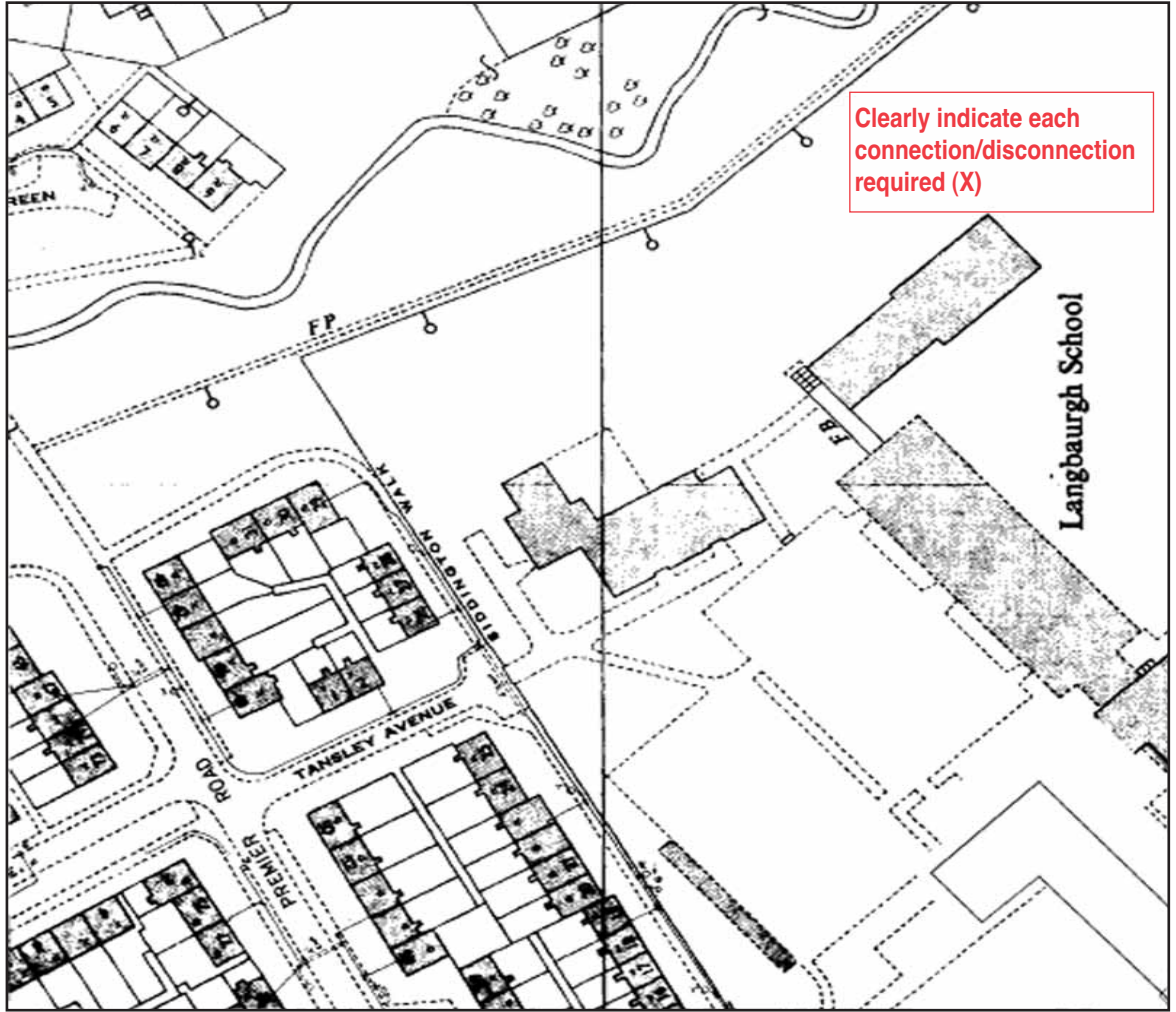

If you are acting as an agent for the customer, please tick this box to indicate that you have the appropriate authority

Data Protection

We will use the details you provide to process your connection request and to monitor the service we provide. Your details will be kept securely and will not be used for marketing purposes. We have an obligation to provide the results of customer satisfaction surveys on the services we provide to Ofgem, the electricity industry regulator. Therefore you may be contacted by our appointed Market Research Company to complete a brief satisfaction survey of our service delivery performance.

If you do not wish to be contacted as part of these surveys please tick

Example Site Location Plan

**EXAMPLE ONLY****SITE LOCATION PLAN FOR UNMETERED CONNECTIONS**

With every application the applicant must provide a site location plan. This should clearly indicate the location of the site in relation to the surrounding area (such as roads and buildings), and the position of each requested supply. The plan should be to scale.

You can obtain a Location Plan for a small fee via internet websites such as:

www.ordancesurvey.co.uk

www.landregistry.gov.uk
