

POWERING YOUR CAREER

**Craft Mate
Role Profile**

Craft Mate

Location: York

Directorate: Field Operations

Job Ref No: R5307

Do you want to help power your career and be part of an evolving energy industry?

An exciting opportunity has arisen for an enthusiastic Craft Mate to join our team.

The energy industry is advancing with investment in smart technology innovation and Northern Powergrid, as the company responsible for powering everyday life for 8 million customers across 3.9 million homes and businesses in the North East, Yorkshire and northern Lincolnshire, is at the forefront of delivering a power network that meets the region's needs now and in the future.

Our vision is to be the best energy company in serving our customers, whilst delivering a sustainable energy solution. We are looking for someone who is passionate about communications and can help share our story as we deliver our plans to invest in our network, support net zero and create a greener energy future. The Craft Mate role is a critical role. The jointing team is made up of a Joiner and a Craft Mate. The joiner undertakes live working whilst the Craft Mate acts as a safety attendant ensuring the safety of the joiner at all times. The Team primarily carries out repairs activities but can also be engaged on connections and asset replacement activities. The shift model is a key aspect of our approach to delivering excellent customer service in repairs and minimizing the number of customers who experience a greater than 12 hour power cut.

Along with a competitive salary between £19,693 - £29,162 we also offer great benefits such as;

- Enrolment into our pension scheme
- 25 days holiday
- Banked hours payment of between £3,482 - £5,154 per annum

We're excited to hear from candidates with a passion for our company and the energy industry and a desire to succeed. **[Apply now](#)** and we'll be in touch.
